

Here is a list of significant individuals from the civil rights course. Your task is to complete the table below to show why each person was significant.

Start by completing the key events/dates column. Use your own notes and the Student Book to find out which events each person is associated with. Then, add an explanation of how each person helped or hindered the civil rights movement. Note that some individuals may have both helped and hindered the civil rights movement.

Challenge

The second table includes more obscure individuals. Can you summarise their contribution to the civil rights movement too?
