Dear Parent,

### **Review of progress in remote learning**

Learning at home has been a new and different experience for us all. When we began we thought it would be relatively short but, unfortunately, it looks as though it will continue for some time yet.

On 1<sup>st</sup> and 2<sup>nd</sup> June your child's mentor will conduct a desktop review of the work completed and feedback to you either by email or phone. We are doing so in order to reinforce the good work done and to find out if there are any barriers to your child's learning.

Please ask your child to check that work completed on go4schools is up to date.

This is intended to be a positive and supportive action, we know that you have been 'thrown in at the deep end' and it is not easy for you. We very much want the review to highlight what is good and support where it is more difficult.

I hope it will prove a helpful process to you.

Yours faithfully,
