

September 2015

Dear Parent/Care

As you will be aware, Year 11 is a crucial year for your son/daughter.

In order to support students further and make sense of one of the most important years in your child's education we would like to invite you to a special 'KS4 achievement' information evening on Thursday 1st October 2015 from 6:00pm to 7:00pm in the main hall.

The key elements of the evening will be:

- What you as a parent/carer can do to help.
- Preparing for the GCSE Examinations.
- Study Skills
- An overview of the key dates for Year 11
- Presentations of key information from subject leaders in English, Maths and Science.

Finally, as your child prepares for their final year it is important that your child recognises the commitment they must make to school in order to become the best they can be and with your support and encouragement, I am sure that they will be rewarded with excellent exam results next August.

Please do not hesitate to contact me if you have any queries or would like any further information.

Yours sincerely

A handwritten signature in black ink, appearing to read 'C Pittaway'.
